THE ESTABLISHMENT OF THE LOCAL ACTION GROUP

- "PRZYJAZNE MAZOWSZE" (FRIENDLY MAZOVIA)

On 9 May 2003 a group of employees of the Regional Advisory Centre for the Development of Agriculture and Rural Areas of Poświętne in Płońsk (Regionalne Centrum Doradztwa Rozwoju Rolnictwa i Obszarów Wiejskich Poświętne) registered Mazovia Agricultural Advisory Association (Mazowieckie Stowarzyszenie Doradztwa Rolniczego). The Association has completed many projects e.g.: participation in the I Scheme to Pilot Programme Leader+ (Schemat I Pilotażowego Programu Leader+). Thanks to 22 projects carried out on the rural areas, members of the Association have gained great experience in this scope. Acting for the development of the rural areas, the Association begun to perform the tasks under Axis 4—Leader. For this purpose, the General Meeting of Members of Mazovia Agricultural Advisory Association on 30 July 2008 adopted the resolution on the preparation of the Local Development Strategy and on the changes in the statute. From 29 October 2008 the Association has been acting as the Local Action Group "Przyjazne Mazowsze". The Association has been entered into by the communes of Płońsk county constituting the public sector of Local Action Group, entrepreneurs—economic sector and individuals—social sector.

Our Associates

We are cooperating among others with the representatives of the communes which are the members of our action group. However, above all we are trying to establish the direct cooperation with the inhabitants of Płońsk province.

SPECIFICATION OF THE AREA

The uniqueness of the Local Action Group area comprises of the following elements: closeness to Warsaw, cultural heritage, relations to Jewish history, Sienkiewicz route, Sochocin button made of river shell, orchard of strawberries and other fruit, as well as protected landscapes areas —Poland's "Green Lungs".

On the territory of the Local Action Group one can encounter historic farm complexes proving the agricultural nature of the region. The area is characterized by the numerous

manor houses, palace complexes and parks —the remains of the estates.

In Potyry (Naruszewo commune), on the cemetery of round amphors from the period of Neolithic, there is the oldest horse grave in Europe,

What is interesting is the fact that Sarbiewo (Baboszewo commune) is the birthplace of the priest Maciej Kazimierz Sarbiewski. Born in 1596, he was a poet, literature theoretician, philosopher honoured by the pope Urban VIII with laurels, the most prestigious decoration for poets of those times, comparable today with Nobel Prize.

Tourists are attracted by the tourist bicycle trails, including: The Blue Trail along Wkra from Cieksyn to Pomiechówek —19.8 km, The Green Trail across the strip of Pomiechowo forests —37.8 km, The Red Trail among the fields and forests of uplands —21.8 km. The essential element of perceiving this region is Złotopolice village which has become popular thanks to "Złotopolscy" TV series.

We are looking for the common values of our area which will become the tourist product of our region.
